

ATTEMPT TO WRECK HOME

Paterson Strikers Make Second Effort to Dynamite Home of Three Brothers Who Refused to Join the Strike—Police Arrest Union Pickets

Paterson, N. J., June 11.—Paterson was shaken early today by the explosion of a bomb in front of the home of three brothers who had persistently refused to join the silk strikers. The house was damaged, but the sleeping occupants were uninjured and later they went to work as usual, under an escort of police. It was the second attempt to dynamite their home since the strike began.

SUBMARINE HAS RECORD

Six Men Surpass All Former Submergence Endurance Tests—Remain Under the Water With Boat For 36 Hours

Long Beach, Cal., June 11.—Six men, sealed up in a new type submarine boat, surpassed the submergence record on the floor of the ocean off here today. They went down yesterday morning at 5 o'clock and in a message telegraphed shortly before noon over a marine cable leading to shore, declared that they expected to remain down until 5 o'clock this afternoon.

ASSASSINATE THE VIZIER

Two Armed Men Slay the Turkish Minister as He Is Passing Through the Streets of Constantinople—Was Moving Spirit Against Deposed Sultan

Constantinople, June 11.—The Turkish grand vizier, Mahmoud Scheffer Pasha, was assassinated at noon today by two men armed with revolvers who attacked him while he was proceeding in his motor car to the submarine port.

It is believed in government circles here that the assassination of the grand vizier was the outcome of a plot against the committee of Union and Progress (Young Turks). Ibrahim Bey, the aide de camp of Mahmoud Scheffer Pasha, was also killed by the assassins. It is understood that the men who committed the crime are civilians.

Sultan's Downfall.
London, June 11.—A report reached London from Constantinople this morning that Mahmoud Scheffer Pasha, whose death was reported this morning, has held office as grand vizier since January 23 this year, when Kiamil Pasha resigned. On the same day Nazim Pasha, the commander of the Turkish army at the Tchatalja lines, was shot dead during a demonstration in Constantinople.

Mahmoud Scheffer Pasha was a pure Arab and a native of Bagdad. He was brought to Constantinople with his family when he was a boy. After studying at the military school he was graduated at 18 years of age with the highest honors. He was a great favorite of the former sultan Abdul Hamid, who appointed him to the general staff. Afterward he proceeded to Germany and stayed there ten years studying the organization

ATTEMPT TO KEEP DOWN BALKAN WAR

London, June 11.—The great powers are exerting every effort to prevent the Balkan states from flying at each others' throats and reports from Vienna indicate some success. Russia and Germany probably are busy counseling peace and moderation, and the French government is supporting them, and as the principal creditor, is giving both Serbia and Bulgaria a clear warning that in the event of war no financial assistance will be forthcoming either before or after hostilities.

UNMERGING OF PACIFICS

President Sproule of Southern Pacific Says the C. P. Ceases to Be a Factor in the Divorcing Plans

San Francisco, June 11.—President William Sproule of the Southern Pacific who returned yesterday from New York, stated that the Central Pacific had ceased to be a factor in the Southern Pacific-Union Pacific dissolution plans which are to be presented to the United States district court in St. Paul Thursday.

BRAKEMAN'S WILD RIDE

Southern Pacific Employee Has Thrilling Experience—Clings to Roof of a Runaway Box Car, Which Finally Stops on a Long Ascent

Medford, Ore., June 11.—Clinging desperately to the roof of a runaway Southern Pacific freight car, Brakeman J. A. Fowler dashed through the Medford yards at a 75-miles an hour gait last night, pluckily swinging his lantern to give what warning he could of his meteor-like approach. The car traveled twenty miles over the main line from Ashland to Gold Hill without accident, rounding several sharp curves and finally stopping on a long ascent. The operator at Ashland gave warning of its coming, and a freight train was sidetracked barely in time to escape the car. Its first twelve miles were covered in 11 minutes.

UNION PACIFIC MANAGER IN THE CITY

Charles Ware, vice president and general manager of the Union Pacific, who arrived in Ogden last evening took a trip over the lake on the Southern Pacific this morning, but will return this evening.

J. Q. Barlow, assistant engineer of the Southern Pacific, is in Salt Lake where he was joined by D. W. Lincoln, assistant general manager of the Union Pacific. A conference will be held in Salt Lake this evening or tomorrow.

FIGHT FREE SUGAR BILL

Witness Before Lobby Hunters Tells of Activity of Hawaiian Sugar Interests in Behalf of a Tariff Upon the Product—Mead Says Salary Is \$1,000 Per Month

Washington, June 11.—Activities of Hawaiian sugar interests in behalf of a tariff on sugar were taken up again today by the senate lobby committee.

Royal D. Mead of the Hawaiian Sugar Planters' association, said he received a salary of \$1,000 a month for his work in Washington. His efforts, he said, were confined to the gathering and distribution of sugar statistics and he thought \$15,000 would cover his annual expenditures.

He had been associated with the domestic sugar producers organization which has directed the sugar tariff publicity campaign in Washington. In May, he said, he and Sidney C. Ballou terminated a \$2,500 contract for publicity work, by the press service bureau of which E. W. Mayo was head.

Mead produced a detailed account of all his receipts and expenditures in Washington. He had received \$8,000 from the Hawaiian Sugar association and had spent \$5,548.16 up to last night.

Upon the demand of Senator Gronna the committee today subpoenaed A. Y. Moore, publisher, and A. M. Baker, manager of the Courier-News of Fargo, N. D., to explain a recent editorial intimating that Senator Gronna knew something of the use of money in Washington to influence legislation.

Mead told the committee that after terminating the \$2,500 publicity contract with Mayo, the domestic sugar producers had retained Mayo at a salary of \$200 a week to help run the sugar publicity campaign. None of the money spent for advertising, said Mr. Mead, had been used to influence the editorial policy of newspapers. The total amount spent by the Hawaiian Planters' association for all purposes was about \$100,000 a year, he said, was raised by assessment, the total being something less than \$1 a ton on the total production. Most of the money had been used, he said, for a sugar experiment station in Hawaii and for securing Philippine laborers.

Elmer E. Paxton of Hawaii, for followed Mead said he came to Washington in March to represent Alexander and Baldwin, owners of Hawaiian sugar plantations worth \$27,000,000.

Conferences had been held with other sugar interests, he said, and letters had been sent to 1,500 or 2,000 customers of his firm, urging them to write to the congressmen and senators and protest against free sugar.

Other witnesses testified to the struggle between the man and the woman, stating that the girl screamed for help and asked Mrs. Mary Reid and other members of the family who resided at the place where she took refuge to assist her in getting away from the man. The Reid family stated that Mr. Bostum accused the colored girl of stealing his money.

The defendant testified in her own behalf, saying that she met Bostum and he asked her for a room. She was leading him to the place when he demanded that she go to the room and, she insisting that he continue with her, he accosted her and a scuffle ensued, in which she was thrown to the

ground. She said that she used her hatpin to protect herself against the man's assault and called for help afterwards running into the Reid kitchen.

The woman denied having taken the man's purse or his money, except that which he gave her to pay for lodging.

Neither the money nor the purse were introduced in evidence.

Real Estate Transfers.

The following real estate transfers have been placed on record in the county recorder's office:

D. N. Stephens to Mary K. Stephens, blocks 24 and 25 and parts of blocks 26, 31, 32 and 33, South Ogden survey, Consideration \$1.

I. D. Brown and wife to Pearl Hart, a part of lot 7, block 13, plat B, Ogden survey, Consideration \$600.

Walter Balke and wife to W. B. Yarrington and wife, a part of lot 1, block 4, Ogden, five acre, plat A, Ogden survey, Consideration \$800.

W. P. Monson and wife to F. J. Wheeler, part of lot 22, block 3, Childs' addition, Ogden survey, Consideration \$10.

Wells Chase to Charlotte E. Wood, a part of lot 26, block 7, Ogden, five acre, plat A, Ogden survey, Consideration \$100.

CITY TO HAVE A CRUSHING PLANT

For the betterment of streets and avenues outside the paved district, the city is to install a rock crusher at the base of the mountain immediately east of the reservoir. The machinery is on hand and within a week it will be placed in position and rock crushing begun.

This morning Commissioner J. C. Nye, superintendent of streets and public improvement, reported that he had leased of the George Matson estate of 40 acres on the mountain side east of the city on which is located a large quantity of quartzite material fit for macadam and the board approved the action. Articles of agreement have been entered into by which the city may have the use of the land in question until December 31, 1918, the city to pay ten cents a ton for the first 1000 tons taken from the land and five cents a ton thereafter.

The commissioners first selected stage in Taylor canyon but abandoned that district because the rock was not the best to be had for street surfacing and because of the great expense that would be entailed in building a road to the quarry.

The rock on the Matson property is said to be of the very best quality for the purposes for which it has been purchased and there will be no expense in the matter of road building. The district is also much nearer the city.

The cost of the plant ready for business is estimated to be about \$2000.

The supply of rock at the leased grounds is practically inexhaustible, says Mayor Fell.

MUCH ACTIVITY IN BUILDING LINE

George A. Watts is building a residence on Lincoln avenue, between Twenty-fifth and Twenty-sixth streets that will cost in the neighborhood of \$150,000.

George Blair is erecting a residence on Wall avenue, between Nineteenth and Twentieth streets, to cost not less than \$1200.

Brick masons began work on the west wall of the Kiesel block this morning and a force of carpenters is busy making forms for the construction of concrete pillars for the north and east walls.

Concrete workers are busy today laying a basement wall on the west side of the proposed steel skyscraper on the Eccles ruins.

Progress is being made in the basement of the Howell block and it is expected that parts of the basement will be in use by June 15.

FLEEING FOR THEIR LIVES

Americans Leaving Mexico Report "Terrible Butchery and Cruelty"—Ex-President Diaz Sends Relative to Capital to Discuss His Return—El Paso Churches to Hold Peace Prayers

Mobile, Ala., June 11.—Americans and foreigners by the score are seeking embarkation from Tampico, Mexico, on account of fear of the cruelty of the Mexicans, according to arrivals on the British steamer Kyleakin.

R. Felton, appearing yesterday on a charge of being an undesirable citizen, said he had become a stowaway on the Kyleakin for this reason. Two Chinamen who came with him from Tampico, gave a similar explanation of their leaving.

Captain D. O. Campbell of the Kyleakin says he was implored by scores of American citizens at Tampico to give them passage out of the country. He was offered, he said, \$50 a head by persons who wished to leave what he described as a "terrible butchery and cruelty."

To Pray for Peace.
El Paso, Texas, June 11.—Congregations of El Paso churches will join in praying for peace in Mexico next Sunday while ministers in the different pulpits will comment on the needs of peace.

El Paso business men, wearied by continuous disturbances in Mexico, have inaugurated a campaign to aid in bringing about peace, and the offering of prayer in the churches is a part of the plan.

Want Diaz to Return.
Paris, June 11.—A brother-in-law of ex-President Diaz left for Mexico today to discuss with the government there the question of the return of the former dictator.

Diaz recently received a delegation of Mexican friends who requested him to return to Mexico to assist by his counsel in the restoration of tranquility to that country.

The reply of the old dictator is said to have been:

"I should have been pleased to return and reside in my country, but I am determined not to participate in its politics."

RECEPTION AND BANQUET AT ACADEMY

L. W. Shurtliff, C. F. Middleton and John Watson were hosts at a reception and banquet given in honor of the Weber stake officers. There are fully 300 guests at the party which was held at the Weber academy last evening.

Several weeks ago the stake officers gave a reception in which Presidents Shurtliff, Middleton and Watson were the guests.

After an opening ode in the assembly hall, the banquet was served in the academy dining room at which toasts were given. Following the banquet, there was a short musical program and the remainder of the evening was taken up with dancing.

MARKETS

Metals.
New York, June 11.—Copper—Dull, Standard, spot and June \$14.25@14.42 1-2; July and August, \$14.00@14.62 1-2; electrolytic, \$15.00@15.75 nominal; lake, \$15.00@15.87 1-2 nominal; casting, \$14.75@15.50 nominal.

Tin—Quiet, spot, June and July, \$45.00@45.25; August, \$45.20@45.25.

Lead—Dull, \$4.50@4.60.

Spelter—Dull, \$5.10@5.20.

Antimony—Dull; Cookson's \$8.75@9.00.

Iron—Easy, No. 1, northern, \$18.00@16.50; No. 2, northern, \$15.75@16.25. No. 1, southern, \$15.50@16.00.

of the Republic, department of California and Nevada, took part in the annual encampment parade here this morning. The weather was fairly cool and not one of the marchers dropped out in the two miles covered by the line of march. There were 394 old soldiers who marched on foot, while the balance, unable to march, rode in automobiles. In addition to the veterans there were about 400 sons and daughters of veterans, national guardsmen and others in the parade.

The line was led by Governor Oddie and his staff on horseback. At the conclusion of the parade, the G. A. R. presented a large flag to the city of Reno in appreciation of the reception given the visitors.

The Daughters of Veterans have taken exception to the patriotism shown by saloon men here and last night passed a resolution condemning the liquor men for decorating their places of business with the national colors.

Friday the veterans go on an excursion to Virginia City and Carson City and on tomorrow the business of the week will be concluded with the election and installation of officers.

DRUNKEN MEN ARE ARRESTED

Jim Golden who claims to be an employee of the Salt Lake P. M. C. A. pleaded guilty to the charge of manhandling in Judge Reeder's court this morning. It was charged that Golden after getting drunk was "mooching" money and drinks. When he got so bold as to "strike" a man in the First National bank after the man had cashed a check Golden was arrested.

Golden expressed sorrow for his actions which he said were committed while he was drunk. He was given a suspended sentence.

Another suspended sentence was recorded in the case of George Brumley charged with drunkenness. The fellow claimed that he had the cramps yesterday and took some paregoric and whiskey with the result that the paregoric made him wild.

KOOYMAN CASE IS DELAYED

C. Kooymann charged with stealing a harness has been brought before Judge W. H. Reeder daily since his arrest on Saturday but the case has not been disposed of because Kooymann declares that he did not steal the harness but that it was given to him by a man named Wilson. The delay has been given to Kooymann in order that he may find witnesses to verify his story.

At the police court session yesterday Kooymann asked to be taken to the Little Queen saloon by an officer in order that he might make inquiries from the employees. This morning the defendant stated that he had not been taken out by an officer and the judge ordered that he be granted that privilege today.

OUTING OF THE STREET CAR EMPLOYEES

This year the employees of the Ogden Rapid Transit company will have two outings, one on June 14 and the other June 21, both at the Hermitage. Two separate days are fixed to allow the entire force to participate. The day men are to have their time. Programs for the occasion are now being arranged and the events will be among the most elaborate of any yet held by the street car workers.

The Transit company will aid the employees in making the outing enjoyable. Free dancing and free concert will be given and the grounds will be turned over to the use of the men and their families.

The public will be invited to take part in the festivities the music and dancing to be offered free to them as well as to the employees.

PICTURE MAN IS PLEASED WITH THE CANYON

G. B. Merrick, the traveling representative of the North American Motion Picture company of Denver, had a few hours to spare after his meeting with the Ogden Publicity bureau directors, so he took a trip to the canyon to look over the ground which will probably be photographed by his company.

So impressed was he with the scenery that, instead of taking a train out of Ogden last night, he remained at the Hermitage and left for Denver this morning.

Perhaps England's husbands prefer militancy on the streets to militancy at home—Baltimore American.

JAPS SEIZE U. S. YACHT

Columbia Puts Into Wakayama on Voyage From Nagasaki to Yokohama—Port Is Not Open for Repairs—Belongs to J. H. Ladew

Tokio, June 11.—The American yacht Columbia was seized today when she put in at Wakayama, which is not an open port for repairs. She was on the voyage from Nagasaki to Yokohama.

The steel yacht, belonging to J. Harvey Ladew of the New York Yacht club, which left for a cruise in Oriental waters in November, 1912, is believed to be the vessel whose "arrest" at Wakayama, Japan, is reported in a cable dispatch.

The detention of the vessel was probably brought about owing to her entering a port where there was no customs house or quarantine station. A similar course is taken by the authorities of any other country under like circumstances.

CURRENCY BILL DEAD

Washington, June 11.—At a meeting of the senate banking and currency committee today, Democrats and Republicans expressed opposition to an effort to put through currency legislation at the special session and were confident that the introduction of a bill in the senate would lead to long debate, seriously retard the progress of the tariff bill and keep congress here until November.

Senators Hitchcock, O'Gorman and Bristow showed opposition to such legislation at this time. Chairman Owen was of the opinion that a bill should be put through this summer.

One member of the committee said that talks with members of President Wilson's cabinet had not convinced him that a presidential message on currency was to be looked for in the near future.

EAGLES SEEK TO HAVE THE CITY DECORATED

Letters are being sent to the merchants of the city by the Eagles' committee asking the merchants to decorate their stores with flags and eagles during the tri-state convention in Ogden June 17 to 19.

It is the desire of the committee to have the city assume a gala appearance.

The street carnival will be held Tuesday night and the celebration will be continued at the Hermitage Wednesday where the state reunion will be held.

On Thursday the business meeting of the three states will be held. In the evening the drill teams of the Salt Lake and Ogden lodges will compete for a silver loving cup.

TODAY'S GAMES
